

EXPO VALLEY

TRUE TO OUR LAND

01. INTRODUCTION

Welcome to
The City of the Future

Expo City Dubai

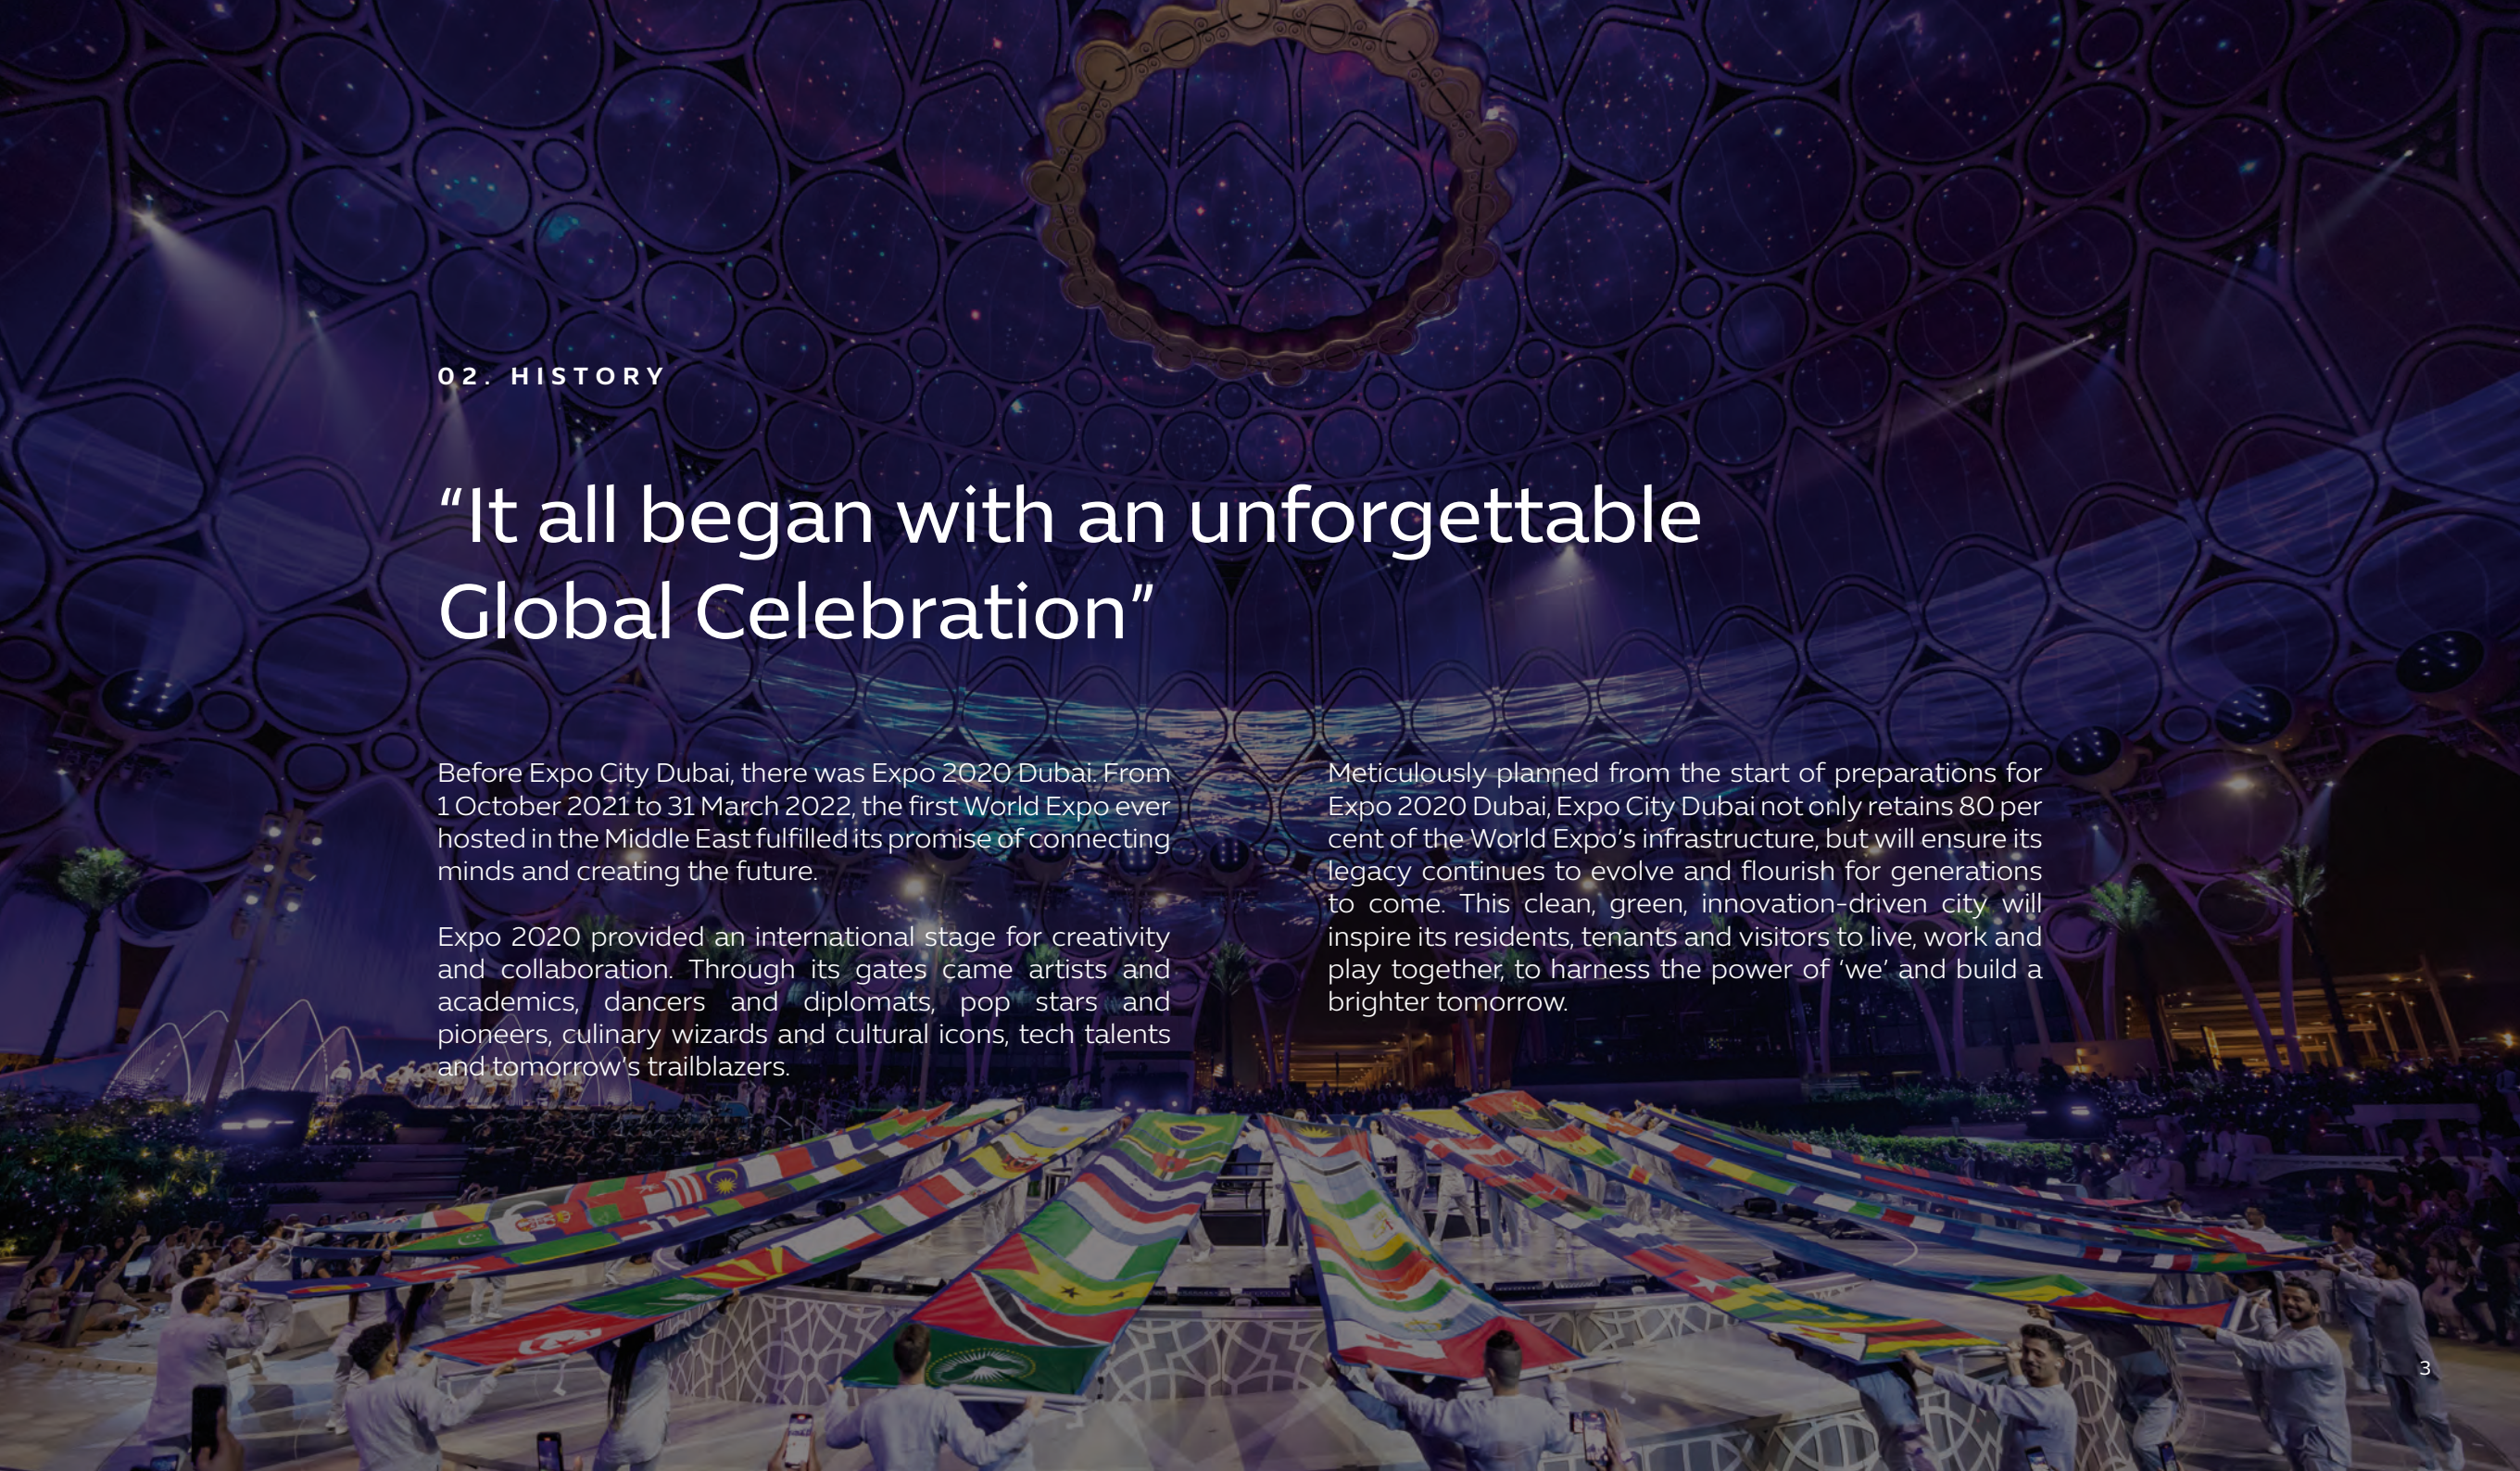

A visionary city has arrived. A curated ecosystem for living, leisure and business. A place where green spaces combine with cutting-edge technologies, where people connect to build a brighter tomorrow.

Take a stroll through the car-free city and marvel at the falcon-inspired UAE Pavilion, the iconic Al Wasl Plaza, Alif – The Mobility Pavilion, Terra – The Sustainability Pavilion, the Garden in the Sky rotating observation tower, the Surreal water feature and the world-class Dubai Exhibition Centre.

Connected by metro and within easy reach of airports, ports and highways, the 5G-covered city is a go-to destination for events, including the COP28 climate conference, and is set to become a global business hub for local and international companies in its dynamic free zone.

A complete community, here you'll discover an impressive selection of inspiring cultural and educational experiences, leisure facilities, event venues, dining options, exercise grounds, retail outlets, parks, playgrounds and more.

Live for today while looking towards the future – only at Expo City Dubai.

02. HISTORY

“It all began with an unforgettable Global Celebration”

Before Expo City Dubai, there was Expo 2020 Dubai. From 1 October 2021 to 31 March 2022, the first World Expo ever hosted in the Middle East fulfilled its promise of connecting minds and creating the future.

Expo 2020 provided an international stage for creativity and collaboration. Through its gates came artists and academics, dancers and diplomats, pop stars and pioneers, culinary wizards and cultural icons, tech talents and tomorrow's trailblazers.

Meticulously planned from the start of preparations for Expo 2020 Dubai, Expo City Dubai not only retains 80 per cent of the World Expo's infrastructure, but will ensure its legacy continues to evolve and flourish for generations to come. This clean, green, innovation-driven city will inspire its residents, tenants and visitors to live, work and play together, to harness the power of 'we' and build a brighter tomorrow.

03. VISION

The Vision for a Sustainable and Equitable Future

Aligning with the UAE's wider sustainability, diversification and growth goals, Expo City Dubai is based on a deep-rooted belief that working together, we can create a more equitable and sustainable future for all.

The mixed-use development includes residential, commercial, and entertainment offerings that together foster a dynamic and inclusive atmosphere, driven by innovation and a desire to bring together global talents to embrace technology and digital advances.

The city, which incorporates energy-efficient buildings, green spaces, and sustainable transportation options, is an integral part of the Dubai 2040 Urban Master Plan, which emphasises the need for sustainable growth and greener communities that encourage pedestrians and cyclists.

EXPO VALLEY

True to the values of the Expo 2020 Dubai, Expo Valley captures the desire to live better, kinder and freer – a community that connects with nature, with villas and townhouses dispersed throughout an undulating native landscape that overlooks a nature reserve, lake and wadi.

Expo City Dubai Master Plan

Expo Valley Master Plan

Ideally Connected

Sitting at the heart of new Dubai in the south, Expo City Dubai is close to key transportation hubs such as the Dubai Metro and major arterial roads, making it easily accessible for residents and businesses and enhancing its appeal as a global business and logistics hub.

Road

- Easy access to four major highways: Sheikh Mohammed bin Zayed Road, Sheikh Zayed Road, Emirates Road and Al Khail Road
- 30 minutes from Downtown Dubai
- Less than an hour's drive from Dubai International Airport and Abu Dhabi International Airport

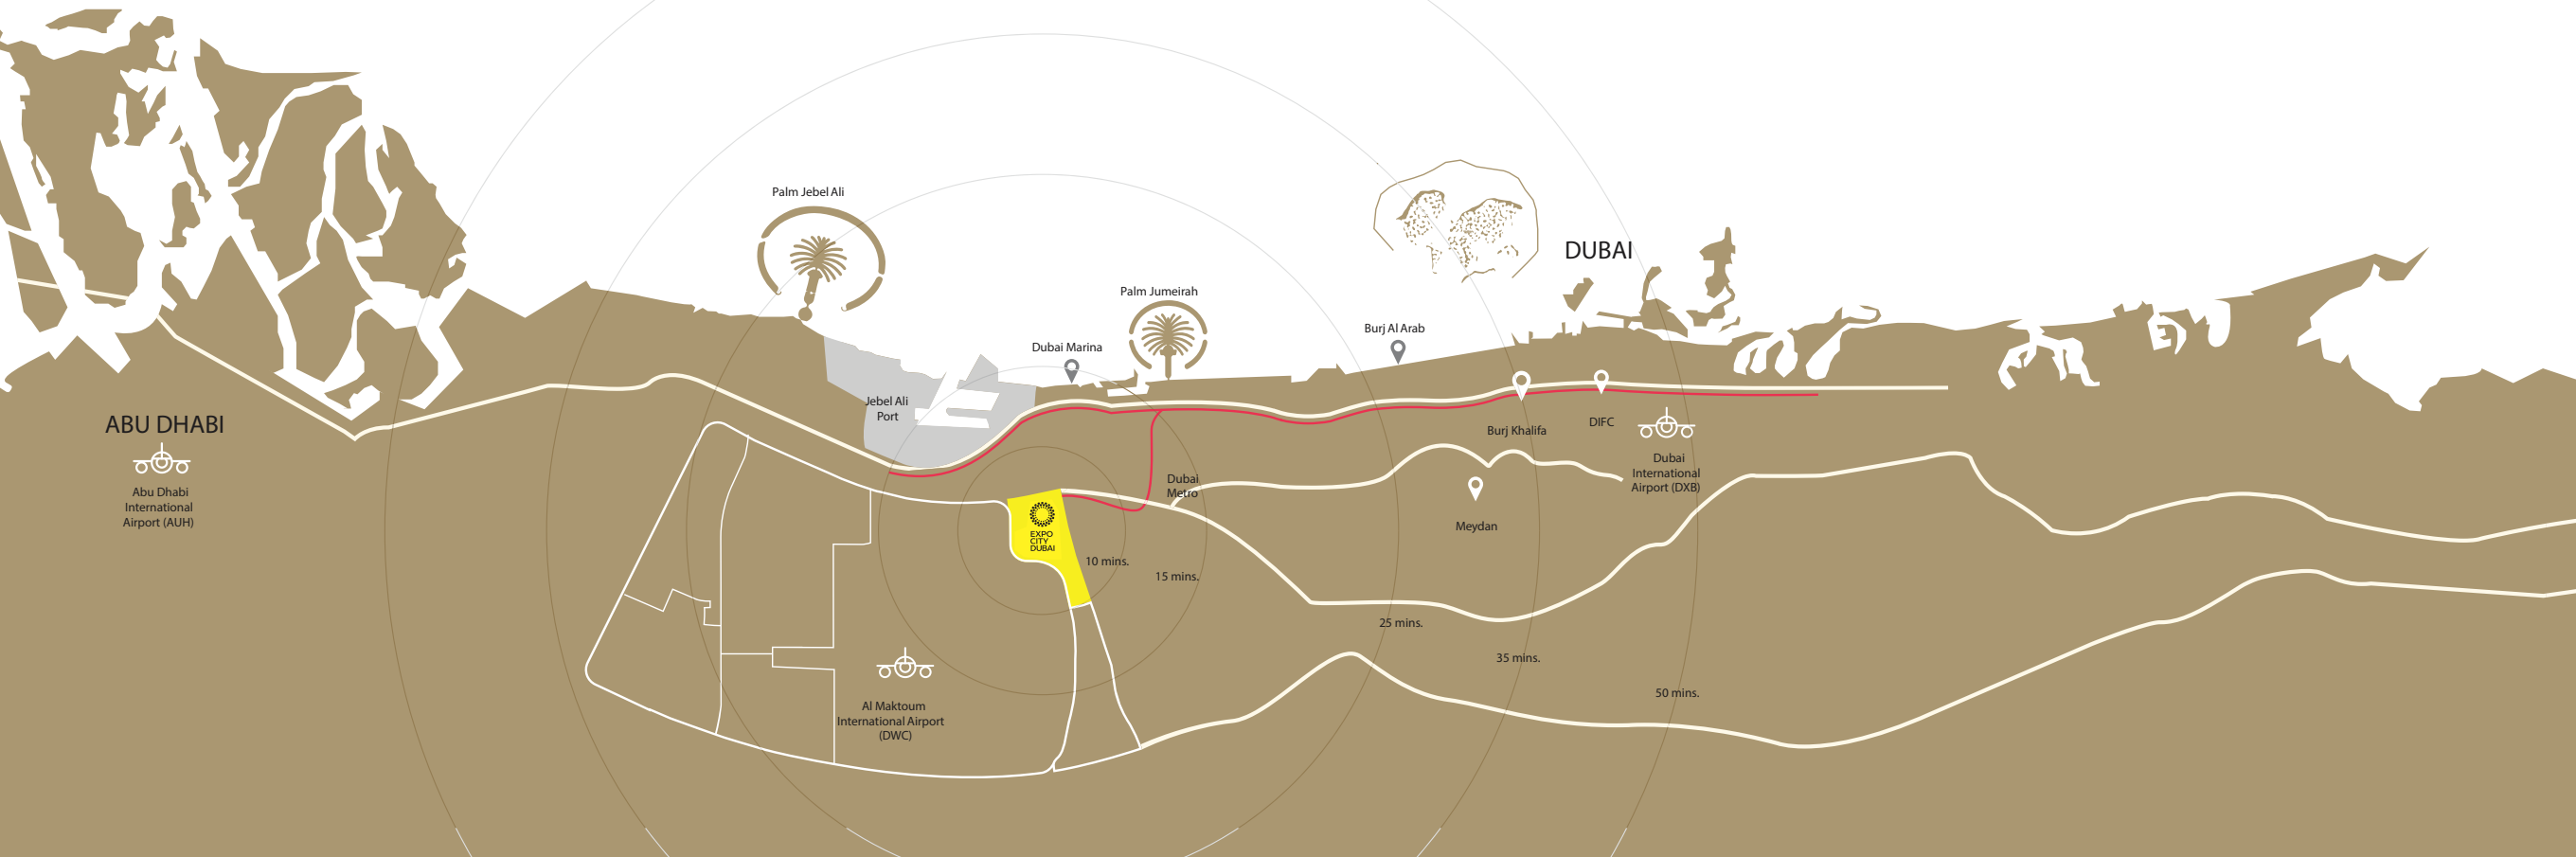

Rail

- Connected to the Route 2020 Metro Station on the Dubai Metro
- One stop from Al Maktoum International Airport
- 16 minutes from Dubai Marina

Air

- Less than eight hours flying time for two-thirds of the world's population
- Adjacent to Al Maktoum International Airport

A vibrant, sunlit landscape featuring a mix of palm trees and dense green foliage. In the foreground, a sandy path winds through the area, where several children are playing. To the left, a large, light-colored cylindrical structure lies on its side. In the center, a wooden play structure made of logs is visible. The background shows a continuation of the lush vegetation and a clear blue sky with light clouds.

Eco/Logical

Unique topography creates a micro climate that lowers temperatures and reduces noise in a community that is at one with nature. Smart, sustainable residences, reached by pedestrian paths and dedicated tracks for cycles and e-scooters, exemplify best practice in innovative, eco-friendly design, with minimal boundaries to create a seamless integration of natural materials.

Green/Space

Expo Valley boasts triple the amount of greenery compared to any other development in the region, with a self-sufficient nature reserve that's home to gazelles, flora, and fauna, as well as a lake with various species of fish.

The background of the slide is a vibrant, digital illustration of a desert oasis. In the foreground, several tall palm trees with detailed fronds stand prominently. To their left, there are clusters of smaller, leafy green trees. A calm body of water reflects the warm, golden light of the setting or rising sun, which is visible as a bright glow behind the trees on the left. The middle ground is filled with a dense field of low-lying green shrubs and small trees. The sky is a soft, hazy mix of orange and yellow, suggesting a peaceful time of day. The overall atmosphere is one of tranquility and natural beauty.

Well/Being

Expo Valley is revolutionising sustainable living by combining care for the planet with the health, wellbeing and happiness of its residents. The community is peppered with recreational, educational, and wellness opportunities, as well as convenient retail options and easy connectivity to the attractions of Expo City Dubai via a green pedestrian bridge.

Play/Ground

Live freely in nature. Explore the environment through car-free lanes, hiking trails and cycle paths. Unwind outdoors or play in natural playgrounds. Connect with neighbours and enjoy dining farm-to-table. Expo Valley is a community grounded in regenerative development, that carries with it the same sustainability ambitions of Expo City Dubai, with an unwavering commitment to giving more than it takes.

Breathing/Space

At Expo Valley, we understand life needs space. Our villas and townhouses are designed to maximise privacy while promoting community interaction, with open front and back areas and transparent fencing, giving you room to live, room to connect, and room to grow, promoting a sustainable way of life and enhancing the quality of life for residents.

Inside/Out

The residences offer seamless integration of indoor and outdoor, with large sliding doors connecting the interior spaces to the garden. Subdued, natural and contemporary materials and colours blend with the habitat, mirroring the natural surroundings to enhance the sense of sustainability, ecological awareness, and honest design.
